### Tips and Reminders:

- re-Enrollment for current students should be **completed by April 9th** (we run our new student lottery on **April 12th**).
- sibling applications in EBC Schoolmint will not be accessible in the re-enrollment database (you will have received a confirmation email when the application was submitted)
- if Schoolmint is asking for an **access code**, the email address you are using is not your Username (the email address currently on file with us). You can create a new username with the alternate email or access the system using the address you have used in the past. If you create a new user, please let us know so we can link it to your child. You can retrieve your password in schoolmint using the "forgot password" prompt.
